Founder / Chairman

Newsletter January - June 2010
GeloofHoopEnLiefdeRwanda@Yahoo.com www.GeloofHoopEnLiefdeRwanda.nl

Dear Friends,
Receive many greetings from our
volunteers in Rwanda and from
us here in Holland.

Joyfully we would like to tell you about a wonderful success story of Ester Iribagiza a student of the sewing school. She had done the sewing school for a year and graduated successfully in 2003.

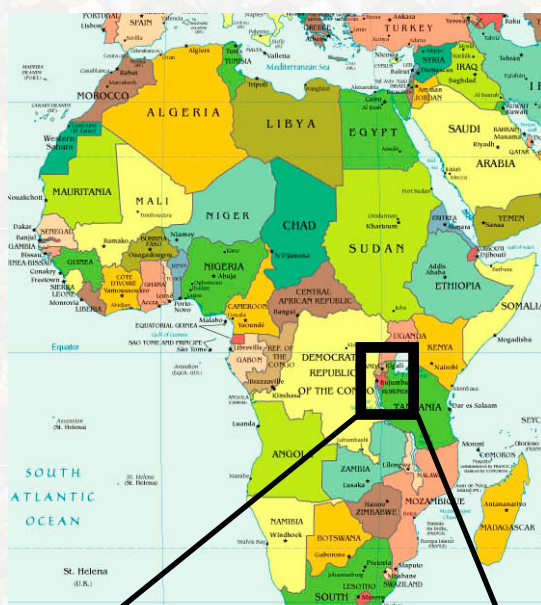

She is very thankful to the foundation and she keeps on expressing that to us. The most beautiful thing that the foundation has given her is the happiness and joy she says; because it is something she has never known before. The sewing school and the help she has received to be able to start on her own have allowed her to be able to continue completely independent. Her labor has expanded to a small business. Her sister, the only member of her family, had no means to be able to go to school. But after she started on her own she could pay for her sister's study and fix their home.

Ester Iribagiza

See a nice short video about her on;

The Sewingschool in Rwanda

Projectplan 'Association Hope' – Building Toilets

Faustin en Rimmelt

Hi my name is Rimmelt de Koning. In the Netherlands I work as quality employee in a care institution. But for a research project of my wife we live in Rwanda now for 3 months. As ambassador for "Derde Wereld Werkplaats" "Third World Workshop" <http://www.DwwBreda.org/english> I came into contact with 'Stichting Geloof Hoop en Liefde'. The "Derde Wereld Werkplaats" in Breda provides sewing machines for the sewing school of 'Association Hope'. I have visited the sewing school several times and I have had several conversations with staff and students. I would like your attention for the following.

In the sewing school of 'Association Hope' in Kigali there are 2 toilets. The toilets are being used by sewing school students and the volunteers who work here. The toilets are only a hole in the ground. To be able to improve the hygiene we would like to build new toilets.

We want to put in 2 new toilets with all the needed pipes and a sink to be able to wash ones hands. Tap water is normal in Holland, but in Rwanda it is often not available. That is why it is important to also have a water tank with an emergency supply.

Together with installing the toilets and sink we also have to install the water and drain pipes.

All needed materials cost about €1400,-. And labor will cost €200,-.

For a total amount of €1600,- it is possible to provide the sewing school of 2 new toilets a sink and a reservoir.

Do you like to help?

The board of Stichting Geloof Hoop En Liefde (Faith, Hope and Love foundation) are; Peter Gatete, Frans Nijhof, Martin Haring, Marian Gatete, Bas Roemers, Paul de Kloe.

The Foundation Stichting Geloof Hoop En Liefde (Faith, Hope and Love foundation) in Holland has founded "Association Hope" in Rwanda. We are helping Orphans, Aids-Children, Youth and Widows. See video images on: www.GeloofHoopEnLiefdeRwanda.nl

1 Corinthians 13:13 And now abideth faith, hope, charity, these three; but the greatest of these is charity.

Friendly greetings and thank you very much for your support, God bless you
