## The Trauma Center.

Hereby I would like to give you a report of my trip to Rwanda this year Aug. - Sept. 2014). I went especially to meet Mr. Martin Masozera whom has given our foundation a piece of land to build the Trauma Center on it so that people who need help can go there to be able to speak in confidence with professionals and where leaders can be trained to help others in their region.

See the PowerPoint presentation on our website which we made to share our vision;

In Rwanda I have been able to arrange all the paperwork with the authorities to be able to build on the land. Now we want to start the fundraising for the construction of the Trauma Center.

Rwanda is a country which is developing in each area. But for the people to be able to live in peace and prosperity, the inhabitants need to be helped to be able to handle the traumas of the past. Each inhabitant whom we can help via this project will cause this country to get a little bit closer to the goal of being able to enjoy peace and prosperity.

We have a saying; "To change the world you should start with yourself." But this you cannot do without the help of your neighbor. Of course in this case it means that the inhabitants of Rwanda need that help from you and from me.

## Motorbike Taxi Project

10 of the 64 children from our Aidsproject are now adults and are eager to earn their own money with a job as "MotorbikeTaxi Driver" So we have started the "Motorbike Taxi Project" and all 10 have passed their theory test. 2 of whom have also graduated for their practice exam, and I was able to personally hand over their Motorbike when I was there with which they can now earn their own money. Hereby I want to thank everybody who has made this possible, especially; Foundation for Ontwikkelingssamenwerking K.O.O.K.

We now need money to help for the practice lessons and motorbikes for the other 8 men. We hope to count on your support.

I wish to close with the following: The trauma Center which I mentioned before does not only help Rwanda but also the whole region. Endless wars and conflicts' have dominated the region for years which had a great effect on the inhabitants. Many people underestimate of what the effect of trauma can have on people and what the consequences can be if it is not handled well. This is again an opportunity for you and me to make a positive change for the people of Rwanda and future generations. Your donations are tax deductible.

We thank you very much in advance.

*We wish you a Merry Christmas and a Happy New Year 2015*
