Dear Friends,

We send you many greetings and thankfulness from our volunteers in Rwanda and from all of us here in Holland.

Here with we bring you the update for the work we do in Rwanda this year.

Our Sewing School. (See picture above)

We have 22 students in class this year. They are now half way through their training. They will finish in December. Our goal is to help those who graduate on their way into the future. We want to provide them with a sewing machine and a start capital to be able to pay for materials and rent for the first month, so that they can continue on their own. We found that otherwise they won't be able to start at all. To achieve our goal with these students we count on your help, otherwise they have a qualification and a certificate but still no future. For our sewing school we need to add more secondhand sewing machines in the class room so that we have enough sewing machines for our students.

The School Children Project:

For our school children project, we have 14 young boys and girls. We want to pay for their school fees and all the school materials they will need, many thanks to Ilse Leeuwenburgh who took time to also find sponsors for this project.

The trauma center project.

Last year august when we visited Rwanda, an old friend of mine offered to give us a free piece of land (see photo) where we could build the trauma center with the aim of helping the traumatized people of Rwanda whom passed through the genocide in 1994 where 1 million died. Trauma is a long lasting problem and needs to be addressed soon before people can really have long lasting peace and stability. We want to raise €40,000 for this project. If you can help; please help the people of Rwanda.

Motorcycle Taxi Project;

We are now training 10 of our Orphans who have been under our care since they were little children. We want to train them to drive a Motorbike and earn a living for themselves driving a motorcycle called "Motorcycle Taxi" (a popular mode of public transport in Rwanda) When they finish and have their licenses we want to help them to buy a Motorbike too, otherwise they have no way to continue. A Motorbike can cost between 800 – 1100 Euro.

Alex (see photo) is one of them and who has already gone so far that he got his motor license and we were also able to buy him a motorbike and he is doing well as a public motorbike taxi and earning his own income. Out of the remaining nine, seven have passed for their theory exams and they will start their practical exams soon. Two repeated their theory exam and soon they get their new results. For now we could only buy one motorbike for one of our longtime "children" we have supported for many years, we want to be able to buy 9 more motorbikes for the 9 others too.

Thanking you again for your encouragement and a special thank you to those of you who have stood with us through the years to this day. Your support has not been in vain. You give new hope and a reason for the living of so many Rwandese today, especially the orphans of the genocide of 1994. Thank you and God bless you.

To realize all these projects we will need your usual support. You can indicate to which project you want to give, otherwise it will be used for the most urgent; Thanking you so much in advance.

The Foundation Stichting Geloof Hoop En Liefde (Faith, Hope and Love foundation) in Holland has founded "Association Hope" in Rwanda. We are helping Orphans, Aids-Children, Youth and Widows. See video images on: www.GeloofHoopEnLiefdeRwanda.nl
